Education

University of Washington, Seattle campus

Bachelors Degree

Seattle, Wa

June, 2023

- Majored History and Philosophy, Minored in Experimental Physics
- 3,000\$ Kenneth Clatterbough Prize in Philosophy
- Worked as a Research Assistant on the Department of Physics's NOMR Project

Study Abroad

Study abroad coursework in Roman History

Rome, Italy

January, 2023 – March, 2023

Mountlake Terrace High School

- 3.91 GPA
- AP Honors Diploma
- STEM Degree in Computer Science
- Arduino Club
- FIRST Robotics

Mountlake Terrace, Wa

2015 - 2019

Experience

Meta (via BCFoward)

Lab Technician I

Redmond, Wa

June 2026 – Present

- Operated humanoid robots at Meta's Reality Labs for training in machine learning.
- Collaborated in a team to maximize the quantity and quality of data collected.
- Performed software and hardware troubleshooting
- Evaluated data collection structures and procedures to improve the efficiency and safety of operations

DataAnnotation

STEM Data Annotator

Remote

January 2024 – Present

- Engineered complex prompts to promote splits in Large Language Model (LLM) outputs.
- Evaluated LLM output quality on a variety of subjects including computer science and physics.
- Performed red teaming to stress test and improve the model's ethics and safety.
- Worked on cutting-edge AI models, including Meta's Llama 2 and Anthropic's model Claude.

University of Washington, Department of Physics

Research Assistant

Seattle, Wa

September 2022 – June 2023

- Performed Software engineering for the Novel Observations in Mixed Reality (N.O.M.R.) Project, creating an undergraduate experimental physics virtual reality curriculum.
- Utilized Unity and C# to produce tools in virtual reality for the students to measure simulated particles.

- Worked in tandem with a User Experience and Design team to code and implement a charge changing device.
- The N.O.M.R. Curriculum has since been employed at both the University of Washington and Washington State University

Target

Security Specialist

Seattle, Wa

August 2022 – February 2023

- Worked to protect company assets and customer wellbeing
- Tracked asset theft and criminal activity on company grounds
- Produced criminal reports for use by Seattle Police to facilitate arrests

Other

Edmonds Food Bank

Volunteer

Edmonds, Wa

September 2022 – January, 2023

- Volunteered at the local food bank during the Covid-19 Shut down to help provide food to those in need.

Creative Writer

Edmonds, Wa

January 2025 – Present

- Written tens of short stories and novelettes spanning science fiction and fantasy topics.
- Regularly competed in writing competitions.
- Currently writing a science fiction short story collection entitled *Stuff of Nightmares*.

Skills & Interests

Technical: Python, C#, Unity, Arduino, Robotics, Creative and Technical Writing

Interests: Writing, Science Fiction, Fantasy, Short Stories, Ted Chiang, Board games
